Distinguished Guests,

Welcome to Turkey's first and only destination Spa. We are delighted to have you here with us at Nua Wellness-Spa. The word Spa is an acronym of the Latin phrase "SANUS PER AQUA" meaning "health through water". The Spa's unique concept brings together various methods of wellness from different regions in the world.

SPA RULES AND POLICY

We ask you to respect the relaxation of other guests, avoiding speaking out loud. No mobile phones allowed. Due to Wellness and Spa concept, Richmond Nua Wellness-Spa accepts guests 14 years old and above.

Spa Guide

What do I need to do prior to my visit to Nua Wellness-Spa?

Please do not bring any valuable belongings with you when you come to Nua Spa. You can leave your valuable belongings (such as jewelry, mobile phone, etc.) in the safety-deposit in your room.

About your health

At Richmond Nua Wellness-Spa, the temperature of the saunas and steam baths varies between 40°C and 100°C. We do not recommend our guests with high blood pressure problem, cardiovascular disorders and the pregnant guests to use the saunas and steam baths. In case of use, they will be responsible for the consequences of any health risks.

What should I wear at the wet areas of Nua Wellness-Spa?

We request you to wear swimsuits, bikinis or shorts. For your comfort, you can find robes and slippers along with a Nua Spa bag in your room. Towels are available in the spa area.

Spa Pools

Due to our hygiene policy, please take a shower and wear your swim cap before entering the pools. Jumping into the pools is dangerous and forbidden.

Reservation Rules and Policies

Due to the high demand for our services at Nua Wellness-Spa, we recommend that you make reservations for all treatments in advance. Please arrive at the spa reception at least 5 minutes before your scheduled therapy session. Please note that if you arrive late for your appointment, your therapy time will be shortened accordingly. Your therapy session must be finished on due time so as not to delay the starting time of the following session. Thank you in advance for your understanding.

If you need to cancel your appointment for any reason, we kindly request you to inform Nua Spa reception at least 3 hours before your massage or treatment appointment, and at least 48 hours before the package program reservations. If you fail to inform the spa reception about your cancellation 3 hours earlier, your account will be charged with the 100% of the total cost.

What should I wear during my massage and treatment?

In order to get maximum benefit from the treatment by establishing physical and spiritual balance, we recommend that you do not wear any clothes during body massages. Preferably, you may choose to wear a bikini, shorts, or the disposable slippers provided by Nua during your massage.

Can I purchase the products used during the massages and treatments?

The natural oils and beauty products used during your massage or treatment can be purchased from the Nua Shop, located in Nua Spa, allowing you to continue your Nua Spa enjoyment at home.

About the therapists

Both male and female therapists are available. You can find the name of your therapist on your reservation form. If you wish to request a specific therapist, please inform the Nua Spa reception at least 48 hours prior to your appointment.

Enjoy yourself

Our treatments are particularly designed to make you relax and rejuvenate and to enrich your life. Our experienced staff will be happy to answer any questions you may have.

We will be delighted to accommodate you.

SPA GUIDE

To prepare your body for spa activities, we first recommend you to use the **Traditional Turkish Bath** for **15 minutes**.

Use the **Salt Jacuzzi** enriched by seawater minerals for **10 minutes**.

Use the **Jet Pool 117** containing fresh water for **10 minutes**.

Use the dry bath **Laconium** with a humidity rate of **20%** and **40°C** temperature for **15-20 minutes**.

While you use this area, you can freshen up with cold water by using the hoses inside.

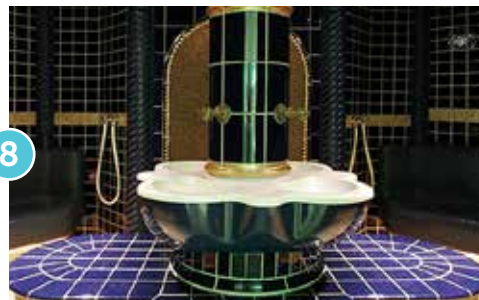

Rest on **Tepidarium** (heated ceramics beds) with a temperature of **37°C** for **15-20 minutes**.

Use the **Herbal Steam Bath** the temperature of which is a bit higher than Laconium, for **20 minutes**.

Rest on the heated **Water Beds** with a temperature of **32°C** for **30 minutes**.

Osman Steam Bath with a humidity rate of **100%** and a temperature of **40°C** for **10-15 minutes**.

While you use this area, you can freshen up with cold water by using the hoses inside.

To balance your body temperature, we recommend you to have a cold shower by using the **rain** or **splash** functions in the **Snail Showers** first.

You may adjust the water temperature for the side and head functions by using the adjusting handle in the shower.

Relax in the **Day Dream** resting area for **15-20 minutes**.

Use the **Salt Inhalation Steam Bath** with a humidity rate of **100%** and a temperature of **40°C** for **10-15 minutes**.

While you use this area, you can freshen up with cold water by using the hoses inside.

Use the **Aqua Cave** first to balance your body temperature. By using the buttons on the left side of **Aqua Cave** entrance, you can have a cold shower in rain, waterfall or splash functions.

Use the **Loft Sauna** with a temperature of **60°C - 80°C** downstairs and **80°C - 100°C** upstairs for **10-15 minutes**.

To balance the body temperature, we suggest you to apply the ice coming down from the ice fountain in the **Ice Grotto** on your body towards your heart.

If you have time, you can redo the sequence.

Important Notes

1. We highly recommend you to drink water after the hot practices to stabilize the lost body fluid.
2. We recommend you to rest for 10-15 minutes after every steam room.
3. For emergency cases that might take place in steam rooms or saunas, you can press the emergency buttons that are near the doors.

We wish you a pleasant time.

HYPOXI

Hypoxi is a revolutionary new fitness and vacuum therapy, applied with four distinct devices and special clothes that help you burn stubborn fat quickly. The high and low-pressure concepts of Hypoxi regulates the blood circulation and the metabolic activities in the targeted problematic local areas.

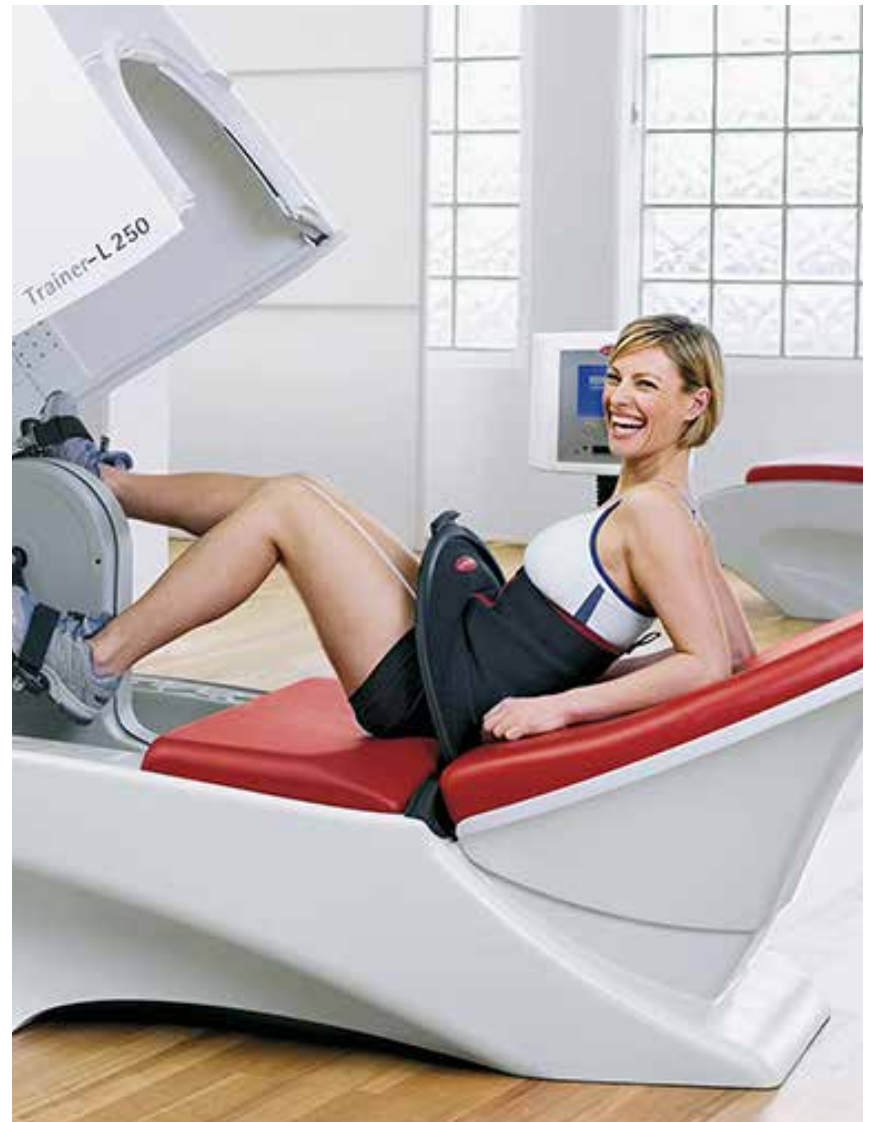

Hypoxi Marathon Program

In Nua's exclusive atmosphere, you can drop up to 1 size with the 4-day marathon program. You can obtain detailed information from the Nua Spa reception desk about the Hypoxi Marathon Program that includes diet menus created by specialists and a 5-night stay.

Vacunaut

This treatment consists of compression and vacuum therapy received on a treadmill with special Vacunaut clothing that features integrated pressure chambers in the abdominal and hip regions. Applies pressure and a vacuum effect while walking on the treadmill. Stimulates the problem areas with a complex network of 112 integrated pressure chambers. Gradually activates fatty acids. With the application of dynamic high pressure, it transports the fatty acids to the muscles. It is one of the healthiest forms of cardio exercise supplemented with compression and vacuum therapy.

30 minutes - 495 ₺

Trainer S-120

By applying a combination of high and low pressure on the lower body areas, Trainer S-120 accelerates the blood flow and facilitates the elimination of fatty acids. It is an exercise and therapy equipment with computer software which is complemented with a training bike used in sitting position. It regulates cellular nutrition by soaking fatty tissue and it moves the body fluids to the upper parts.

30 minutes - 495 ₺

Trainer L-250

L250, which is parallel to S120, has been specifically designed for those who want to do exercises in a comfortable position. For the cycling therapy- done in vertical position, the aim is to benefit from both the pressure effect and the gravity. While the muscles are exercised by cycling in a closed cabin, the blood flow is speeded up through the exertion of low and high-pressure. Thus, the removal of fats from problematic areas is facilitated. Low-pressure vacuum with sudden pressure variances support the weak veins. It provides slimming starting from the hips and gets the legs in shape. It also accelerates the removal of the tissue fluids from the body.

30 minutes - 495 ₺
